School starts on August 29th. See you at Russell!

***At Russell School, we are excited to be purchasing enough Chromebook computers for every student to have one at school. With the many programs and activities we have planned, some require sound to maximize the educational benefit. Our school is purchasing enough headphone sets run our program, but many students are uncomfortable sharing headphones and some don't like the large over-the-ear style we have available. Students are welcome to purchase their own headphones and keep them at school if they are more comfortable doing so. Personal headphones will not be shared between students.
